That is not my understanding. I'll get more clarification on this email. But, I think it just means he is a POC for questions from the Board and Commissioners for now – not the investigation itself. For example, I am the POC right now, but depending on how Susan wants this to go when she gets back from vacation, I may transfer the HHRA issues to her.

Mayor Tookey and Administrator Tookey:

We would like to thank the Silverton Town Board and the San Juan County Commissioners for hosting the joint meeting Tuesday evening with the EPA. We very much appreciated the opportunity to talk with both groups and address their questions and concerns.

We understand that additional questions may arise in the future or further information may be useful for the community. We would be happy to meet with the Town Board and County Commissioners again or provide any information they might request.

The following people are available to assist you and the community:

- [REDACTED] Steve Way – Red and Bonita cleanup activities and residential soils investigation
303-312-6723, way.steven@epa.gov
- [REDACTED] Steve Wharton – Non-residential, watershed/surface water investigations
303-312-6935, wharton.steve@epa.gov
- [REDACTED] Deb McKean – Human health risk assessment
303-312-6178, mckean.deborah@epa.gov

We also have established a new website at: <http://www2.epa.gov/region8/upper-animas-mining-district>. We will be adding new information on our activities as they occur.

Best regards,

Cynthia
